

Long Island State Veterans Home

AT STONY BROOK UNIVERSITY

Dear Friends,

Over 30 years the Long Island State Veterans Home, our staff and volunteers have taken great pride in providing comprehensive long term care to more than 15,000 men and women who so valiantly risked their lives in defense of our nation. Our residents have come from all walks of life, represented all branches of service, fought in virtually every major conflict and share a common bond so profound that few who have not served will ever comprehend. Their service and unyielding commitment to honor, duty and country, paved the way for the freedom and prosperity each of us as Americans enjoys today.

It is our pleasure to invite you to participate in **Long Island State Veterans Home's Twentieth Annual Golf Classic on Thursday, September 29th, 2022 at the Willow Creek Golf & Country Club** in Mt. Sinai, New York. Proceeds from the event will be used to enhance programs, services and activities at the Long Island State Veterans Home, benefiting our residents and those who care for them.

If you enjoy playing golf, we encourage you to sign up early for this fun and worthwhile event. We would ask that you consider one of the many sponsorship opportunities available. Your support will enable us to continue to provide the highest quality care to all veterans from the "Greatest Generation to the Latest Generation."

If you have any questions or need any additional information about the Long Island State Veterans Home's Golf Classic, please contact our Community Relations Department at (631) 444-8615.

Please accept our thanks in advance for your support.

Sincerely,

Harry J. Janson

The Long Island State Veterans Home is a 350-bed Skilled Nursing Facility and 40-registrant medical model Adult Day Health Care program dedicated to providing outstanding quality and compassionate skilled nursing care to honorably discharged veterans of the United States Armed Forces, their spouses and Gold-Star parents.

Located on 25 wooded acres on the campus of Stony Brook University, the Long Island State Veterans Home remains one of the only nursing homes in the country that is fully integrated into the health and educational mission of a major teaching and research university.

The Home offers a comprehensive array of services using a fully integrated interdisciplinary care team approach. Our approach combines the skills of a variety of health care professionals including board certified geriatricians, nurses, physical, occupational, recreation and speech therapists, social workers, dietary counseling, and multi-faith pastoral care, each of whom are committed to helping the residents to maximize their abilities and independence.

Since opening its doors in October 1991, the Long Island State Veterans Home has had the honor and privilege to provide comprehensive care to more than 15,000 of Long Island's veterans.
