

Host a Fundraiser and Partner with Stony Brook Medicine to Make a Difference!

Through the generous efforts of individuals, companies, foundations and organizations, Stony Brook Medicine can continue to have a meaningful impact on the lives of those within our community.

We welcome your partnership!

Let us know if you would like to host a community fundraising event or promotional activity to benefit Stony Brook Medicine or any of our departments, such as Stony Brook Children's Hospital, Cancer Center, Women's Health, Long Island State Veterans Home and more. These efforts are essential in increasing community awareness and raising much-needed resources to enhance patient care, advance medical research and educate the healthcare professionals of tomorrow.
