Department of Human Resources

Long Island State Veterans Home Lactation Room

The Lactation Room at the Long Island State Veterans Home was created to support our employees and families by providing a quiet, comfortable, and private space for breastfeeding parents.

The Long Island State Veterans Home has a dedicated Lactation Room available in the East Pavilion to enable a nursing mother to express breast milk privately in a secure room. The Nursing Department will maintain the key and sign-out sheet. Back-up keys are located in Administration and Human Resources. The Lactation Room contains the following features:

- Refrigerator
- Microwave (*for steam cleaning*)
- Sink
- Electrical Outlets
- Cell-phone charging kiosk
- Sound Machine
- Chair
- Books and Magazines
- Baby Wipes
- Cleaning Supplies
- Sharpies (*to mark breast milk bags*)

Please contact LISVH_HR@lisvh.org with any questions or concerns.
